

John Glassett SOCCT's first chair.

It is with deep regret that we learnt of the passing away of John in May 2019 after a long illness. It was John's passion and skill as a Property Director which drove the creation of SOCCT and its first board of trustees. Until his illness he continued to make a significant contribution to the board and in particular when we needed his specialist advice. He will be sadly missed and we are looking at an appropriate way to mark his contribution.
